Dear Parents/Guardians:

In light of the newly imposed restrictions from the Provincial Health Officer, I wanted to take a minute to request your cooperation with a few matters here at school and share some information on how these new restrictions are impacting us.

- I want to remind all of you to please ensure that your children are coming to school dressed appropriately for the weather as there will be NO INSIDE DAYS. We need students out for our staggered lunch time in order to allow for cleaning of classrooms mid-way through the day
- We are requesting when parents are dropping off/picking up students, they be mindful and more respectful of the 2 m social distancing rules and not gathering so close together as is currently happening – especially in the under covered area
- We would encourage parents to wear masks as much as possible whenever on school property and to please limit your time on the school grounds as was mentioned in previous communications to families
- Now that our afterschool programs have resumed and will be using our playground spaces, please try and leave the school grounds as quickly as possible to ensure space is available for these programs as well as for students at the YMCA Daycare

As staff, we have adapted some of our regular routines as well:

- We are no longer holding meetings such as Staff meetings, SBT meetings, etc. face to face and will now be holding them via Teams for the foreseeable future
- We have further restricted access to the school to any non-essential visitors/guests
- All staff continue to be required to wear masks in common areas of the school

Of course, we are hopeful that these new restrictions are temporary and we will continue to monitor the situation and take any further direction from the PHO, Fraser Health, the CDC and the District. We appreciate and need your cooperation.

Sincerely,

Mr. W Hiltz
Principal
