14	Catungal, Jessica	15								15
Student Grade Totals		28	33	40	40	39	35	33	29	277

I hope everyone had a nice holiday and have settled back into the routines of school again. Hard to believe that we have been back for over two weeks already. In some ways, it feels like we never left. I do have to say that it was a fairly smooth transition back for most of our students.

I want to thank all of our families who participated in our virtual pancake breakfast prior to the break. What a fun time it was. It sure was nice to be able continue with a tradition, even though it was in a different format. We were very pleased with the participation and clean up was certainly a lot easier this year too!

Interim Reporting is taking place the end of the month as I indicated in my letter last week. If you have not already heard from your child's teacher about their plans, you will be soon. As I indicated in my letter, you may be receiving a phone call, an invitation to a Zoom meeting, a paper interim, updates to your child's learning blog, etc. teachers are choosing a variety of methods for this interim reporting period. Please make every effort to engage with whatever method they choose as we value your input in the process. The first formal report will be sent home just prior to Spring Break.

Stoney Creek celebrated the first Black Shirt Day on 15 January. Hopefully you saw our post on Twitter. This is the first year that schools have acknowledged the day and we are expecting it to grow in the future.

We have Literacy Week coming up next week and I know Ms. Briscoe will talk about that in her report.

A reminder to all families that February is registration month for Burnaby. And Kindergarten students starting school in the fall need to be registered anytime during the month of February. All the information is on our school, and the district website.

We were successful in receiving \$3,935 from the City of Burnaby for our playground grant to replace some of the broken wooden benches and purchase some additional one for the grounds. Thanks to Council for matching these funds. We will be working with the district on purchasing and installation. I will let you know when I have a timeline.
