- Pre-registration required.
- Families will access through external doors, shared washroom space (universal or community room)

A Community School is the Hub of the Community

It is people, a place and a set of partnerships between the school and other community resources. Its integrated focus on school success, child and youth development, family support, and community development leads to improved student learning, stronger families and vibrant, healthy communities.

> The school is characterized by extended services, extended hours and extended relationships.
