I want to thank those parents who were able to join us for our Remembrance Day Ceremony last week. Our student leaders did a great job hosting the virtual Assembly. Unfortunately, parents were not able to join us for the outside portion but we did post a few pictures on Twitter. We also honored Indigenous veterans on Monday with a school

wide virtual assembly as well. Students did activities and viewed videos in their class throughout the week in recognition of these important events.

The apple fundraiser that Council did was very successful so a thank you to all parents who participated in that and to Ms. Mackenzie and Mrs. Briscoe for organizing and Mrs. Johnson for helping out on the last one.

We are in the process of planning for our Pancake Breakfast and it will be a virtual event this year again. The date will be Saturday, December 4, 2021. We hope that many families will be able to join us again this year. Please watch for more details in the next couple of weeks.

You can also expect to see details on our Holiday Performances which will also be shared with families in a virtual format this year. Ms. Payjack is working with students now and we plan to release the performances to families, likely through our YouTube Channel on the December 15<sup>th</sup> (which is our actual Concert date). However, Ms. Payjack may want a bit more time to edit and put the final product together.

I am really hoping parents will get better at providing **reusable** masks for their children. We have gone through 10+ boxes of disposable masks in the last month or so alone. Although we do not mind providing masks to students who forget, this is not what is happening. We are providing masks to the same students daily and sometimes more than once a day and I have concerns about all these disposable masks ending up in the landfill. I would really like to encourage parents to invest in reusable masks for their children and get in the habit of washing and reusing them. They are usually more comfortable and so much better for the environment.

[Daily Health Checks](#) are a parent responsibility yet many students come to school without having these completed. We are asking all parents to please help us by doing their part and taking that couple of minutes it takes each morning to complete the Daily Health Check with their child prior to bringing/sending them to school. Thanks so much.

Interim Reports will be coming home on the 25<sup>th</sup>. These can take a variety of formats. Please watch for communication from your child's teacher regarding this and contact them directly should you have any questions.
